# WE MAKE MILLWORK EASY.

It all began in 1954 when a long-haul truck driver in Utah named Merrill "Bud" Dame accepted sawmill equipment from a customer who owed him a significant amount of money. With no experience in the wood industry and only a high school education, Bud's entrepreneurial spirit, resourcefulness, and drive led him to begin producing lumber and mouldings, planting the seeds of what would become Woodgrain: one of the largest millwork operations in the world, with locations all around the United States and Chile.

Today, Woodgrain proudly continues Bud's legacy by remaining family-owned and operated, while making the highest quality wood building products with an unwavering focus on our customers. Woodgrain continues to grow and leverage its strength of being vertically integrated. Woodgrain consists of five divisions, allowing us to find the most efficient path through the supply chain to meet our partners' unique needs. With the May 2022 acquisition of Huttig Building Products, Woodgrain is committed to offering a broad assortment of the most trusted building materials to our customers, while increasing our value-added services. By combining Woodgrain with Huttig's 135 years of rich history and depth of knowledge, we are on a mission to make building easy by adding value in everything we do and connecting you to the most trusted specialty building products available.

# OUR VALUES

**INTEGRITY.** We hold ourselves to a high moral standard with virtue at our core. This standard continues to be the key driver of our success.

**SERVANT LEADERSHIP.** We aim to do what's best for our company and the greater good. We are environmental stewards, using and reusing raw materials throughout our product offering.

**RESPECT FOR PEOPLE.** After 60 years in business, we're proud to be family-owned. We see our employees and customers as part of our family, and believe they should be treated with the same care and attention.

**CONTINUOUS IMPROVEMENT.** As our company grows, we continuously seek new ways to improve ourselves while delivering quality products. We provide the best selection at the lowest total cost of ownership.

**EXCEEDING CUSTOMER EXPECTATIONS.** The products we offer and people we serve are diverse, but our commitment to our customers is the same. From homeowners to pet owners to builders, we offer practical solutions that beautify homes. We aim to provide the best experience to every customer, every time.

# THE WOODGRAIN DIFFERENCE

It all begins with our vertical integration. What does that mean? It means we own the supply chain, from the forest to your location. We manage the procurement of forest timber and from the processing of lumber to the facilities we use to manufacture final products, we own each step in the process, which ensures complete oversight of the quality of the wood we process. And because we own our trucks and distribution network, we provide our partners with just in time inventory, on time and complete.

It also means that sustainability is at the forefront of everything we do. Our raw material comes from sustainably managed forests. More than 99% of our wood fiber is used in some form—from composites to pellets, our manufacturing process residuals don't go to waste.

At Woodgrain, we are committed to delivering the best value to our customers through constant growth of our people, products, and processes.

# LINEAL MOULDING

Moulding completes the look of any space by adding depth, texture and contrast. Not only is moulding aesthetically pleasing, it can also add value to your home and provides an extra layer of protection for your walls.

Woodgrain Distribution offers a wide selection of quality moulding – from ceiling to floor – in a variety of species, profiles, sizes, and applications. Whether you're looking for simple base moulding, beautiful crown moulding or combine pieces to create a unique look, we have what you seek.

Our attention to quality and detail can be seen in the end product. To achieve a seamless look, our moulding is cut to match our drawings exactly. This ensures that any two pieces of moulding from the same profile line up every time.

## MOULDING SIZE CHART\*

Consider the size of your space when purchasing moulding. As you can see based on the chart below, the taller the space, the wider the moulding.

CEILING HEIGHT	CASING	BASE	CROWN
8'	2-1/4"	3-1/4"	3-5/8"
9'	2-1/4" – 3-1/4"	4-1/4" – 5-1/4"	4-1/4" – 5-1/4"
10'	2-1/4" – 3-1/4"	4-1/4" – 5-1/4"	4-1/4" – 5-1/4"
11'	3-1/4" – 3-1/2"	5-1/4" – 7-1/4"	4-5/8" – 6"
12' or more	3-1/4" – 3-1/2"	7-1/4"	7"

 All molding profiles in this catalog are scaled down to half of actual size.

# EXTERIOR MOULDING

The exposed trim work is a small, yet significant detail to the overall craftsmanship of a home. Exterior moulding is a functional component to sealing and protecting the home, while also adding character and style.

Woodgrain Distribution offers a variety of exterior moulding profiles in Polyvinyl Chloride (PVC). PVC is a plastic product manufactured for exterior applications due to its ability to endure all types of weather conditions.

Our PVC moulding installs like traditional wood moulding and is a rot-resistant, durable solution for moisture. With UV protection as well as the ability to paint, PVC is an ideal solution for the home.

 Icon denotes molding profile image scaled to half of actual size.

# WOODGRAIN COLLECTIONS

## VICTORIAN ELEGANCE

COMPLIMENTARY COLLECTION

### TIMELESS CRAFTSMAN

The Victorian Elegance Collection by Woodgrain gives you elaborate combinations that bring you back to the Victorian era. This collection was inspired by the essential trio; fluted casing with plinth and corner blocks; the look of luxury and opulence in every room.

This collection is for those who enjoy a high amount of detail, decorative details, and chandlers.

# Finished *Elegance*®

by Woodgrain using Eastman CERFIS™ technology

## FINISHED ELEGANCE® MOULDING

Moulding completes the look of any space by adding depth, texture and contrast. Not only is moulding aesthetically pleasing, it can also add value to your home and provides an extra layer of protection for your walls.

Woodgrain Distribution offers a wide selection of quality moulding – from ceiling to floor – in a variety of species, profiles, sizes, and applications. Whether you're looking for simple base moulding, beautiful crown moulding or combine pieces to create a unique look, we have what you seek.

Our attention to quality and detail can be seen in the end product. To achieve a seamless look, our moulding is cut to match our drawings exactly. This ensures that any two pieces of moulding from the same profile line up every time.

**NO SEASONAL

# DECRAMOLD® & BLOCKSHOP®

DecraMold® is that added touch that makes a space extraordinary. Made from solid pine, DecraMold® finishes beautifully with paint, stain or varnish to match the style of any room. Since DecraMold® is available in a variety of sizes and installs just like traditional moulding, its uses can be as versatile as your space allows.

BlockShop®, a "No-Miter System®," eliminates the need for bothersome miter cuts while adding interest to corners. BlockShop® can be paired with DecraMold® and traditional moulding for easy installation of base, casing, chair rail, crown, and more.

# DOWELS & PREFINISHED ASH

Dowels apply a clean, polished look that works well in many ways. Woodgrain offers square and round dowels in solid pine and oak. Available in a variety of diameters, dowels are versatile enough to accent moulding or to be used in a creative DIY project.

Prefinished Ash comes ready to install in three gorgeous colors: gun stock, honey oak and butterscotch. Prefinished Ash coordinates well with hardwood floors and enhances their natural beauty.

# BOARDS

Boards are a very versatile trim product used in a variety of traditional and modern applications. Boards serve several purposes – everything from functional applications such as shelving units, cabinetry and skirt boards on stair cases to finer details such as moulding build-ups and fireplace mantels. Builders, remodelers and homeowners alike are only limited to their imagination with the endless possibilities of board applications.
